

**List of papers appearing in the “Japanese Journal of Research in Family Nursing”
(updated May 2026)**

<p>Vol.31</p>	<p>Imai, M., Kumagai, R., & Yanagihara, K. (2026). A scoping review of “interaction” in nursing practice with hospitalized patients and families. <i>Japanese Journal of Research in Family Nursing</i>, 31,1-16.</p> <p>Yabuuchi, A., Nakayama, M., & Inoue, A. (2026). Family coping with changes in the lives of older patients with heart failure: Transition period after diagnosis. <i>Japanese Journal of Research in Family Nursing</i>, 31, 17-29.</p> <p>Kuraishi, K., & Oka, S. (2026). Trends and challenges in research on the experiences of families raising children with rare diseases. <i>Japanese Journal of Research in Family Nursing</i>, 31, 30-43.</p> <p>Maruyama, A., Murayama, S., & Kamibeppu, K. (2026). Selective disclosure of an infant’s congenital heart defects around the time of birth by mothers who received a prenatal diagnosis: A secondary analysis. <i>Japanese Journal of Research in Family Nursing</i>, 31, 44-55.</p> <p>Senju, T. (2026). Conceptual analysis of double care regarding parenting and caring vis-à-vis children with medical complexities, chronic diseases or disabilities. <i>Japanese Journal of Research in Family Nursing</i>, 31, 56-69.</p> <p>Sakagawa, Y., & Hattori, J. (2026). The process of children with intellectual disabilities and parents came to live separately in the community, not because of limitations of care by parents. <i>Japanese Journal of Research in Family Nursing</i>, 31, 70-81.</p> <p>Soejima, T., Kikuchi, R., & Sato, I. (2026). Associations of difficulties in family nursing with job performance and turnover intentions among nurses during coronavirus disease 2019 pandemic. <i>Japanese Journal of Research in Family Nursing</i>, 31, 82-91.</p> <p>Mugiyama, M., & Okamoto, T. (2026). The lived experiences of partners of individuals with eating disorders. <i>Japanese Journal of Research in Family Nursing</i>, 31, 92-104.</p> <p>Suzuki, D., Gomi, M., & Ohashi, Y. (2026). Explanatory research on paternal bonding constructs in a Japanese setting. <i>Japanese Journal of Research in Family Nursing</i>, 31, 105-116.</p>
<p>Vol.30</p>	<p>Mari Kato, Akiko Kadoma. (2025). Relationships Weaved Through the Experiences of Mothers with High-Functioning Autism Spectrum Disorder (ASD) and Their Children Being “Raised by Parents” and “Raising Children”. <i>Japanese Journal of Research in Family Nursing</i>, 30, 1-17.</p> <p>Hiroko Funato, Keiko Yamaguchi. (2025). The Process of Discontinuation or Continuation of Care for Women Who Become Mothers While Caring for Their Parents During the Newlywed Period, and Therefore Perform Double Care of both Elderly Care and Childcare. <i>Japanese Journal of Research in Family Nursing</i>, 30, 18-36.</p> <p>Mari Okada, Daisuke Iida. (2025). Experiences of Mothers Who Spend Life with Their Children with Selective Mutism from Childhood to Adulthood. <i>Japanese Journal of Research in Family Nursing</i>, 30, 37-49.</p> <p>Sayuri Iuchi, Misato Ishii, Reiko Inoue. (2025). A Study on Passing on Nursing Practice for Families from Senior Nurses to Junior Colleagues at Neonatal Intensive Care Units (NICU). <i>Japanese Journal of Research in Family Nursing</i>, 30, 50-61.</p> <p>Shinji Miyahara, Yuko Hiratani, Katsuji Tanaka. (2025). Family Functioning of Families Rearing Children with Severe Motor and Intellectual Disabilities at Home. <i>Japanese Journal of Research in Family Nursing</i>, 30, 62-75.</p> <p>Ayumi Goto, Rie Wakimizu, Noriko Ozawa. (2025). Nursing Practice and Thoughts of NICU Nurses for Family Care for the Transition of Children Requiring Medical Care to Home Based Care. <i>Japanese Journal of Research in Family Nursing</i>, 30, 76-86.</p> <p>Miki Sato, Miyuki Nakayama, Atsuko Inoue. (2025). Experiences of Families with the Double Responsibility of Caring for Their Older Parents and Adolescents -Through the Narratives of Double Carers-. <i>Japanese Journal of Research in Family Nursing</i>, 30, 87-98.</p> <p>Himari Ochi, Keita Sasaki, Iku Taniguchi, Rie Wakimizu. (2025). Investigation the Relationship between “Sense of Burden of Primary Caregivers” Caring for Children Who Use Outpatient Support Services for Disabilities and “Communication within the Family” and Exploration Factors Related to the Sense of Burden. <i>Japanese Journal of Research in Family Nursing</i>, 30, 99-111.</p>
<p>Vol.29</p>	<p>Yoshimitsu Kawaguchi, Reiko Inoue, Satoko Imaizumi. (2023). Perplexities Facing Nurses Working with Families of Patients with a Malignant Brain Tumor : From Announcing the Diagnosis to Initial Treatment. <i>Japanese Journal of Research in Family Nursing</i>, 29, 1-13.</p> <p>Yasuko Niizuma, Hiroshi Fujioka.
